## 12-BMB-O - 12 GAUGE IMPACT - BALLISTIC MARKING BAG (ORANGE)

### DESCRIPTION

Our 12-BMB-O 12 Gauge Ballistic Bag Round is designed to be direct fired at target subjects up to 18 meters away for crowd control or civil unrest situations. This round fires a single ballistic bean bag and is effective against individual target subjects. The ballistic bag is embedded with orange marking dye to leave an orange mark for identification on the targeted individual. The ballistic bean bag has a stabilization tail to provide long range accuracy.

Our 12 gauge rounds are loaded in high quality transparent shell casings to allow viewing of the shell contents. For best results they should be fired from standard improved cylinder bore 12 gauge barrels.
