## 12-DB - 12 GAUGE DOOR BREACHING CARTRIDGE

### DESCRIPTION

Our 12-DB Door Breaching Cartridge fires a slug of compressed metal powder that is designed for defeating door locks and hinges. The slug disintegrates on impact with the door lock or hinge, reducing the possibility of any high velocity/energy debris or fragments coming from the target. This cartridge should be fired from a range of 10 to 25 cm from the targeted lock or hinge.

Our 12 gauge rounds are loaded in high quality transparent shell casings to allow viewing of the shell contents. For best results they should be fired from standard improved cylinder bore 12 gauge barrels.

### SPECIFICATIONS

Type	Door Breaching Cartridge
Caliber:	12 Gauge
Projectile	Compressed Metal Powder Slug
Projectile Quantity	1
Projectile Weight	22 grams
Velocity	400 mps
Length Overall	61 mm
Shell Case	Clear Plastic / Brass
Overall Weight	35 grams
Effective Range	10 to 25 cm
Launched With	12 Gauge Shotgun

### SHIPPING INFORMATION

UN Number	UN 0012
Shipping Name	Cartridges for Weapons, Inert Projectile
Hazard Class	1.4S
Inner Package	5 Cartridges Per Box
Outer Package	250 Cartridges (in 50 Boxes of 5)
Packaging	Fiberboard Box, 4G UN/DoT Approved
