## 12-MFB - 12 GAUGE MUZZLE FLASH BANG CARTRIDGE

### DESCRIPTION

Our 12-MFB 12 Gauge Muzzle Flash Bang Cartridge is designed as a distraction device for crowd dispersal. It is designed to be fired into the air above the crowd or into the ground, and not directly at any individual or group. It should be fired toward the floor or ceiling when used in tactical entry operations.

Our 12 gauge rounds are loaded in high quality transparent shell casings to allow viewing of the shell contents. For best results they should be fired from standard improved cylinder bore 12 gauge barrels.
