12-PF - 12 GAUGE IMPACT MUNITIONS - FINNED RUBBER PROJECTILE

DESCRIPTION

Our 12-PF 12 Gauge Finned Rubber Projectile is designed to be direct fired at target subjects up to 30 meters away for crowd control or civil unrest situations. This round fires a single finned rubber projectile and is effective against individual target subjects. The rubber projectile is fin stabilized in flight to provide long range accuracy. The round can be very effective in disarming and subduing subjects who may be a danger to themselves or others.

Our 12 gauge rounds are loaded in high quality transparent shell casings to allow viewing of the shell contents. For best results they should be fired from standard improved cylinder bore 12 gauge barrels.

SPECIFICATIONS

Type	Projectile, Rubber
Caliber:	12 Gauge
Projectile	Finned Rubber
Projectile Quantity	1
Projectile Weight	8 grams
Hardness	65 Durometers
Velocity	150 mps
Length Overall	61 mm
Shell Case	Clear Plastic / Brass
Overall Weight	17 grams
Maximum Range	30 meters
Effective Range	10 meters
Launched With	12 Gauge Shotgun

SHIPPING INFORMATION

UN Number	UN 0012
Shipping Name	Cartridges for Weapons, Inert Projectile
Hazard Class	1.4S
Inner Package	5 Cartridges Per Box
Outer Package	250 Cartridges (in 50 Boxes of 5)
Packaging	Fiberboard Box, 4G UN/DoT Approved

WARNING

Serious injury or death may occur if fired directly at subjects at very close ranges.
