M3 Series Aerosols

DESCRIPTION

Our M3 Series aerosols are developed specifically for Law Enforcement and Military police applications. They are available in in stream, fog, foam and gel formulations. The gel formulation sticks on contact and is effective for applications where you wish to minimize cross contamination. The M3 series is available in 3 strength levels to meet various operational requirements.

Training versions of all or our aerosol products are also available. Just replace M3-OC- with M3-IT-.

Our M3 Series aerosols are ECD Safe.
