M6 Series Aerosols

DESCRIPTION

Our M6 Series aerosols are developed specifically for Law Enforcement and Military police applications. They are available in in stream, fog, foam and gel formulations. The gel formulation sticks on contact and is effective for applications where you wish to minimize cross contamination. The M6 series is available in 3 strength levels to meet various operational requirements.

Training versions of all or our aerosol products are also available. Just replace M6-OC- with M6-IT-.

Our M6 Series aerosols are ECD Safe and feature a built in belt clip.
