MP-10M7-WS - MULTI WHITE SMOKE PROJECTILE - 38mm IRONFIST

DESCRIPTION

The MP-10M7-WS Multi White Smoke Projectile contains 7 White Smoke projectiles that release white smoke on firing. The multiple submunitions provide a wide area of coverage and can be used for signaling and training applications. This round is also effective for use as a distraction in tactical situations. The submunitions are launched up to 110 meters and release smoke for approximately 25 seconds each.
