CS-TP - CS SMOKE PELLETS / CS-TC - CS CAPSULES

CS-TP - CS SMOKE PELLETS

Our CS-TP CS smoke pellets are a compressed CS pyrotechnic mixture that gives off CS smoke when ignited. They are for use in producing a controlled amount of CS smoke for training personnel in the proper use of respirators and NBC training. The pellets can be lit individually, or placed in contact with each other in a row to ignite multiple pellets.
