MP-FB-TK - "FLASH BANG" TRAINING GRENADE - RELOADABLE

DESCRIPTION

Our MP-FB-TK Flash Bang Training Grenade is designed to provide a realistic device for use in training officers in the usage of Flash Bang devices in tactical situations. The training grenade kit comes with a reloadable grenade body and 70 training fuze reloads.

Training Bodies and Reloads are available in standard rotation thread and also in reverse (left hand) threaded for use in reverse threaded training bodies. The M201A1 Type training fuzes are also available with a confidence/safety clip if your operational flash bang grenades are so equipped.
