## MP-FB - "FLASH BANG" DISTRACTION GRENADE

### DESCRIPTION

Our MP-FB Flash Bang Distraction Grenade is designed to create a distraction/disorienting effect in civil unrest situations or during tactical entry. 2.0 seconds after being thrown, this grenade discharges with a loud 173dB + "Bang" and flash of light. The emission area on the grenade top and bottom produces a balanced output to keep the grenade from becoming a projectile on discharge.
